

## ORGANIZATION RAILROAD MEN BEING PLANNED

National Conference Called for  
Sixteen Unions to Be Held  
in Chicago in December

ST. PAUL, Oct. 30.—The national conference of railroad men to devise ways and means of effecting an amalgamation of the 16 standard railroad organizations will be held in Chicago on Dec. 9-10, according to Secretary Wagoner of the National Committee of Amalgamation.

The call which will go approximately 11,000 local lodges will be sent out late this week, according to Wagoner. He said the national conference would devise ways and means not only to win railroad men to the amalgamation, but to bring about their actual consolidation into one body, and it will be expected that such organizations as the big union. Each organization is to operate as a separate entity, but in accordance with one unit organization of 16.

CHICAGO, Ill., Oct. 30.—John J. O'Connell, secretary of the Railway Federation, asserted that the railroad unions are not ready for amalgamation, when informed of the suggestion that the St. Paul national conference had been called. He said that the railroad organizations had operated, the shopmen's union refusing to handle defective equipment, the strike would have been ended quickly.

## MISS MABEL BOGGS BRIDE JAMES DUFFY

James Duffy and Miss Mabel Boggs, two popular young people of Tonopah, surprised their friends Sunday night when they were united in the holy bonds of matrimony. The ceremony was performed by the Rev. Frank Manderson at the Presbyterian parsonage in the presence of Miss Mary Lydon and Russell Akis.

Mr. Duffy is an employee of the Western Chemicals, Inc., operating at Alum, and is a young man of sterling qualities. The bride is well known to the people of Tonopah. She is a charming and accomplished young lady and by her sweet disposition has endeared herself to a multitude of friends and acquaintances, who extend congratulations to both her and her husband.

## GREAT HERD CATTLE ARRIVES IN TONOPAH

Nine hundred head of cattle were driven into Tonopah today for shipment to Stockton. The herd belonged to the French & Kelsey, bankrupt, and is to be consigned to the Western Livestock company at Stockton. The cattle had been seven days on the road and yesterday afternoon were at Five Mile, the drive being concluded this afternoon. They were in charge of Eugene Burlingame, who had been appointed receiver, and who will accompany the cattle to their destination.

## EASTERN INTERESTS IN BELCHER EXTENSION

Eastern capitalists have become interested in the development of the Phoenix property of the Belcher Extension Mining company at Randsburg and an extensive program is being laid out. The company is planned to sink a shaft 5000 feet and has sufficiently heavy equipment to sink 1000 feet.

The Phoenix property consists of 140 acres, cut by the dyke in the formation, and a double compartment shaft is down 75 feet with some veins showing and some definite ore spots. The property was worked at one time and a shaft has been sunk 200 feet with considerable material development, which exposed a strong vein system. The present management intend to sink and prospect to strike the vein system disclosed on the upper levels.

## SUBMARINE IS SAFE LOS ANGELES, Oct. 30.—Submarine R-2 reported yesterday at Santa Barbara with channel engines disabled. Is safe here today.

## THE WEATHER

Local observer United States  
weather bureau.

## JIU JITSU TAUGHT TO SPANISH POLICE

BERLIN, Oct. 10.—A German policeman has just finished giving instruction in Jiu Jitsu, the Japanese method of self-protection, to guardians of the public order in Spain.

Herr Wozny, of the Berlin criminal police department, returned recently from the engagement, for a brief visit home. Having established a reputation in Berlin as a police instructor, especially in Jiu Jitsu, Wozny's services were "borrowed" by the Spanish authorities. His commission included the development of police Jiu Jitsu teachers at Barcelona, and instruction looking toward the establishment of a Jiu Jitsu squad in Madrid.

## MINISTER MAY HAVE KILLED HIS OWN SELF

Mother of Mrs. Carelton Says  
Bullets Were Not from Gun  
Owned by Daughter

HAVRE, Mont., Oct. 30.—Bishop Frederick Faber expressed the belief that Mrs. Margaret Carelton, falling to win Rev. Leonard Christie from his wife, shot the minister and herself last Friday. Mrs. Joseph Pyle, mother of Mrs. Carelton, said she hired a lawyer to attempt to prove that her daughter didn't do the shooting as the revolver found in her hand was of a larger caliber than the one her daughter owned. The letter from Carelton to his wife urged her to divorce him and remarry.

## ATTORNEY GENERAL CITED FOR CONTEMPT

DALLAS, Tex., Oct. 30.—A motion requesting the secretary of state and attorney general to show cause why they are not guilty of contempt of court was filed in the court of civil appeals today by counsel for Force King and others. The motion is based on the action of the secretary in ordering the name of Earle B. Mayfield placed on the ballot as the democratic candidate for United States senator before final entry of judgment of the court of appeals setting aside the temporary restraining order was granted at Corsicana.

## STINSON SUPPORTERS ARE VERY ACTIVE

Friends of Andy J. Stinson, nominee for state inspector of mines, are coming to his rescue in great numbers, and it is predicted that he will receive an unusually strong vote in Nye county. Mr. Stinson is one of the best known mining men in the state. He is a native of Nevada, having been born at Eureka. Upon reaching manhood he left for Butte, Mont., where he was employed in the mines of that district for a time. Later he went to Baker City, Ore., where he became identified with the mining industry, and then he proceeded to Cripple Creek, Colo., where he followed the profession. Twenty years or more ago he returned to his native state. He is acknowledged to be most skilled in his profession and his ideas of effecting a rescue for the 47 entombed miners that lost their lives in the Argonaut disaster at Jackson, Calif., a short time ago, are coincided by no less an authority than T. S. Rickard, editor of the Mining and Engineering Journal.

NUMBER OF AMERICANS IN  
MEXICO GREATLY REDUCED  
MEXICO CITY, Oct. 30.—Spaniards lead in numbers in Mexico City's population with 12,053 as against the French who are second with 2,652. Americans number 2,382; Germans 1,223 and 610 British. It is estimated that there are about 8000 Americans in Mexico as compared to 25,000 in 1910.

## MRS. HUGH HENRY BROWN IS HOME FROM RENO

Mrs. Hugh Henry Brown returned this morning from Reno, where she attended the biennial convention of the third district of the Federation of Women's clubs last week. At the final session on Saturday she was unanimously elected president for the next two years. Reno papers contain complimentary notices of Mrs. Brown's address delivered Saturday night on the subject of "Riding Hobbies." Among other things Mrs. Brown gave some inside facts regarding the art of scenario writing and also some intimate views behind the scenes on the film lots in Hollywood.

## SENATOR ODDIE IS OUR GUEST FOR LAST RALLY

Meeting Will Be Held at Liberty  
Theater Tonight Beginning  
At 7:30 O'Clock

There is a political treat in store for the people of Tonopah tonight. Senator Oddie, of Kansas, and W. M. Kearney, the latter former state engineer, will tell the public a few things regarding conditions both national and state. The meeting will be held at the Liberty theater starting at 7:30 o'clock, and if you are interested in knowing the true conditions you will make it a point to be present.

Senator Oddie is going to enlighten the voters concerning the accomplishments of the national administration, and being on the inside down at Washington he is in a position to give first-hand information, and not surmise, as has been the case in the talks made by his colleague, Pittman. He will tell just how free cyanide was incorporated in the Fordney-McCumber tariff bill and he ought to know, because it was through his efforts that the mining industry was benefited in a major way.

Congressman Richardson of Kansas has the reputation of being one of the most finished orators in the country and he will talk along national lines and his address promises to be of great interest.

W. M. Kearney, former state engineer, knows all about water adjudications and the work of that office. He is fortified with facts and figures that will satisfy the most skeptical that the wildest extravagance was practiced during the administration of James G. Scrugham, and he is in a position to convince his hearers that the claims of Scrugham regarding the conduct of that office, are made out of whole cloth. It was none other than Mr. Kearney who forced Governor Boyle and his Good Friday, Scrugham, to pull in their horns by their refusal to meet him in joint debate to discuss matters relative to the conduct of the state engineer's office. Mr. Kearney accepted their challenge for a debate, but they showed the "yellow" and he had to let it go at that.

By all means the rally should be attended tonight by every voter in Tonopah. It will be worth your time and you will learn something of interest concerning matters generally in a political way.

## SUSPENSION WHEEL MEETS WITH FAVOR

Much interest is being manifested in Tonopah over the exhibition of the Watson suspension auto wheel by James C. Penn, who arrived from Los Angeles last night driving a Studebaker Six. This wheel is not built on the order of a spring, as some people surmise, but has steel spokes using a fraction of the elasticity of steel, thus creating a compound shock absorber from the ground up. It is claimed that the life of the tires and every other part of the auto is greatly extended, and as proof of this assertion Mr. Penn points to the fact that his tires have been run more than 6000 miles, yet they show not the least sign of wear. The wheels possess immeasurably greater strength than wooden spokes and the claim is made that they will be found in great favor in dry countries, such as Nevada. They are not affected either by heat or cold, and have 25 times the strength of wooden wheels. There has never been known of a case where a wheel was crushed in a wreck or from skidding.

Mr. Penn is representing the Watson Suspension Wheel company, which is making ready to build a factory at Los Angeles for distribution through seven states of the west and in the Orient. A representative of the Bonanza was given a ride this morning over unusually rough roads and he imagined he was gliding along in a Pullman car, so light was the shock when passing over ruts and other obstructions. These wheels are made to fit any car.

## BATEMAN FUNERAL TUESDAY

Funeral services over the remains of the late Bryden M. Bateman, who succumbed last Friday night, will be conducted under the auspices of Tonopah lodge of Elks, No. 1062 and Miraph lodge No. 25, Knights of Pythias, from the Elks' home Tuesday afternoon at 3:30 o'clock. The date of the obsequies was postponed to await the arrival of a brother from Montana.

## ELECTRICAL ENGINEERS MEETING IN CHICAGO

CHICAGO, Ill., Oct. 30.—Electrical engineers from all parts of the country are expected at the thirteenth annual convention of the association of Railway Electrical Engineers to be held here Oct. 30 to Nov. 3.

An entire floor of one of Chicago's largest hotels will be given to various exhibits and the meetings of the association. Many new devices for use in electrifying railroads, which is fast gaining favor, will be shown here.

## BOARD OF TRADE RESISTING ACT GRAIN TRADING

Secures Temporary Injunction  
Restraining Government  
from Enforcing Act

CHICAGO, Ill., Oct. 30.—The board of trade today made its first move to test the constitutionality of the grain futures act by filing in the federal court a petition for an injunction restraining the government from enforcing the provisions of the act. District Judge Carpenter issued a stay order preventing the enforcement act until Nov. 13, when he will hear the petition for a temporary injunction against the enforcement of the regulation act.

## BEATTY HAS CLIMAX REPUBLICAN RALLY

BEATTY, Nev., Oct. 30.—The Southern Nye County Republican club, which was the first republican club organized in Nevada during the last presidential campaign, held a rally here Saturday night at the Amargosa theater.

The rally was attended by three times the population of Beatty. The president of the club, Frederick Carter, was chairman of the meeting. The speakers, given in the order of their presentation, were: Mrs. Lida Gilbert, present Nye county auditor and recorder, candidate for reelection; Fred M. North, for clerk and treasurer; J. P. Kennison, for sheriff and assessor; Charles E. Southworth and J. E. Peck, for county commissioners; Mrs. Teresa I. Henderson, for the assembly; Charles A. De Floon, for district attorney. Judge Mark R. Averill, non-partisan candidate for district judge, was in the audience, and on being called upon, addressed his old friends.

William M. Kearney of Reno, former state engineer, gave an interesting resume of some of the problems of that office and the manner in which successive state engineers had met them, to which every listener gave attention.

Following the speaking, the orchestra played "Till We Meet Again," a waltz, and many a wicked heel set busily in motion for happy hours. At midnight an oyster supper was served with many auxiliary dishes to add to its palatability. The ladies of Carrara and Pioneer joined with their Beatty friends in garnishing the tables with a floral ensemble that was warmly praised by the lady guests from Tonopah and Goldfield.

It was after 3 o'clock when the strains of "Home Sweet Home," closed an affair long to be remembered.

## HARRY R. GRIER HERE INTERVIEWING FRIENDS

Harry R. Grier, receiver of the U. S. land office at Carson City, was an arrival in Tonopah last night and will remain in the district several days. "All indications," remarked Mr. Grier, "point to the election of an entire state republican ticket due to the demand of the taxpayers for a reduction in operating expenses. Harry H. Atkinson is unusually strong in the northern part of the state, while John H. Miller has been gaining strength and is coming like a whirlwind, and both are assured of election by big majorities."

## FIRE DEPARTMENT CALLED OUT TWICE IN TWO DAYS

The fire department responded to an alarm this morning from a cabin in the rear of the Mine Operators hospital which is occupied by a colored woman. A defective fire was the cause of the blaze, but it was extinguished with very little damage.

On Saturday night the department responded to an alarm from the new addition of the high school building. A barrel of tar became ignited in some manner, but no damage resulted.

## NEW DIVIDEND BUYS PROPERTY AT RANDBURG

E. P. Cullinan, Moving Spirit,  
Closes Negotiations for  
the Jumbo Group

There are two strong and well defined ledges on the Jumbo property and from sampling the vein it has been found that values running as high as \$670 per ton, principally silver, are contained. The lowest assay yet reported has been \$18.60 per ton, while the average returns received by Mr. Cullinan were \$48 per ton.

H. Peters, one of the best known mining engineers in the west, has reported favorably on the Jumbo property. Very little development has been performed, but from shallow shafts that have been sunk the mineral showing is considered wonderful, and mining engineers state that the surface showing is equal to that of the famous Kelly mine. Mr. Cullinan predicts that he has a second Kelly mine, and will leave no stone unturned to develop the property with the greatest possible speed. A site for a shaft has already been spotted, and development will be instituted immediately. Necessary machinery will be delivered on the ground without delay and within the next few days there will be a hum of activity at the Jumbo holdings.

The New Tonopah Dividend Mining company, through E. P. Cullinan, secretary-treasurer and moving spirit generally, has concluded negotiations whereby the corporation takes over the Jumbo group of three claims at Randsburg, situated in the very heart of the proven mineral zone. The Jumbo property is located south of the Black Hawk, which is equipped with a modern mill, and which is one of the substantial producers of the Randsburg district, and the surface showing is, without question, one of the very best in the entire camp.

Mr. Cullinan has been negotiating for the purchase of this property for the last three months, and it was only last Thursday that the signatures of the former owners were attached to the legal documents. Mr. Cullinan arrived in Tonopah this morning bringing the good news of the consummation of the deal and there are a number of people here who are cognizant of the worth of the property and of the wonderful mineral showing that is in evidence.

## FLORENCE LEASERS ARE MAKING GOOD PROGRESS

Superintendent R. C. McCarthy of the Florence Goldfield reports "the Donald and Giles lease on the 358 level is continuing old raise from this level to reach south end of the Rellie slope at the 258 level. This work is for the purpose of getting under and further to the south of the place where they were working two weeks ago and values at that time were found to be ranging to the south and could not well be followed from that point. It was from the point mentioned that two weeks ago assays running from \$500 to \$600 a ton were had.

"The Hinds lease on the 58 level has picked up the ore at about the same place where the high grade ore was found by Steadman. This looks like a permanent vein this time. About two feet of it is breaking \$70 per ton."

## 20-MULE TEAM BORAX REPRESENTATIVE IS HERE

J. H. Wright, special representative of the Pacific Coast Borax company, is in Tonopah to conduct an advertising campaign. He will personally call on the housewives and give them a nice reduction on the 20-mule team borax soap chips and other products of the company. The 20-mule team borax soap chips cannot injure the tenderest skin or the daintiest fabric as they contain no strong sodas or alkalis, and they are the most economical, with or without the washing machine, and during this campaign consumers will get wholesale prices on any order from their local grocers.

## WISHED TO BE SHOT AND WISH GRATIFIED

TACOMA, Wash., Oct. 30.—Walter H. Samler, who, when arrested on suspicion of desertion on Sept. 16, expressed the wish to be killed and was shot dead today at Camp Lewis by military guards when he attempted to escape.

## JEWELLED HANDBAGS IN PARIS STOLEN

(By Associated Press)  
PARIS, Oct. 12.—The latest handbags being carried by ultra fashionable women in French society are well worth the attention given them by the skilled purse snatcher.

One seen at the Casino at Deauville recently was made of fine platinum chain work crossed by eleven parallel rows of diamonds the frame being heavily set with large diamonds.

Platinum or gold frame, with large emeralds or rubies for clasps, are common, and all have costly fittings monogrammed in jewels. One model seen was of black moire silk with wide platinum frame incrustated with brilliant, a very large pearl forming the clasp.

## KU KLUX KLAN AFTER SCALP OF WOOLWINE

Two Thousand Members Initiated  
at Los Angeles on Last  
Saturday Night

LOS ANGELES, Oct. 30.—The Ku Klux Klan of southern California initiated 2000 candidates in the presence of 10,000 members in the hills near Montebello at midnight on Saturday, according to klanmen. Thousands of automobiles parked in the canyon, near the fiery cross on the hill, with the lights of Los Angeles in the distance. Thomas Woolwine, democratic candidate for governor, received attention when a cash box was placed on a table and klanmen were called upon "to step up and take a crack at Woolwine" with \$200,000 to get Woolwine. Two boxes were filled with coins.

## INDEPENDENCE RESOLUTION IS DECIDED UPON

Philippine Legislature Desires  
Republic and Petitions U.  
S. Congress

MANILA, Oct. 30.—The formation of a republic of the Philippines is sought by a concurrent resolution introduced in the legislature today with the backing of the majority of members. The resolution asks the congress of the United States to authorize the Philippine legislature to call a constitutional convention to propose adopting a constitution for the future independence of the islands and determine what relations shall exist between the Philippines and the United States.

## TONOPAH DIVIDE IS MAKING GOOD HEADWAY

Operations are going merrily forward at the Tonopah Divide mine and excellent footage is being made in underground development. During the week ending Wednesday, October 25, work was performed on five different levels, and the tonnage shipped to the Belmont mill was up to the usual standard with values remaining practically unchanged. The official report of operations follows: "213 east drift advanced 15.5 feet; 401 drift advanced 27.5 feet; 234 north crosscut advanced 31 feet; 425 south crosscut advanced 17.2 feet; 1290 south crosscut advanced 30.8 feet; 1490 south crosscut advanced 7 feet; 302-A raise carried 4 feet; 304-E carried 5 feet."

## SABIN FUNERAL CONDUCTED

Funeral services over the remains of the late George Sabin, who died in a sanitarium at Colfax, Calif., were conducted Sunday afternoon at 3:30 o'clock from the Catholic church, the Rev. Father Edward Noonan officiating. Many friends of years' standing were present to pay their respect to one whom they had known and admired during this life. Interment took place in the local cemetery.

## JOE KURE SUCCUMES TO DREAD CONSUMPTION

Joe Kure, aged 48 years, died at the county hospital Saturday afternoon at 4:35 o'clock. Death was due to consumption which he contracted as the result of working in the mines. Deceased had been a resident of Nevada for seven years, six years of which time he had lived in Tonopah.

## FASCISTI WILL FORM CABINET INSTANCE KING

Crowds Give Enthusiastic Welcome to Mussolini Who Called to See King

ROME, Oct. 30.—Benito Mussolini, leader of the Fascisti, called by the king to form a cabinet, arrived in Rome today. Crowds gave him an enthusiastic welcome. He was accompanied by the king. Rome is being flagged and calm. It is believed the new ministry will be constituted today.

Accompanied by crowds, Mussolini will recommend self-control to show the Fascisti is worthy of victory. Reconstruction and regeneration of the country is necessary, he said. While conferring with the king the cheers of the crowd brought the king to the balcony of the palace three times. He announced he would submit a list of ministers at the quirinal tonight. Mussolini told newspapermen the policy of the new government will be firm, unswerving and based on friendship and loyalty toward Italy's allies.

Soldiers in the king's uniform are guarding the "Road to Rome" through the Appennines and barbed wire, guarded by sentries, protected the French towns northward of Rome. Within a radius of 15 miles from Rome 60,000 Fascisti encamped last night sending lorries to the capital for bread. The king's troops permitted the lorries to pass. Both regulars and the Fascisti were gracious to foreigners.

LONDON, Oct. 30.—Dispatches say the triumphant Fascisti is ready to assume charge of the government. Hordes of Rome thousands of Mussolini followers awaited the command to enter Rome and celebrate her entry.

The Rome commander of the Fascisti reported he had received a message ordering the Fascisti squads not to carry out reprisals.

ROME, Oct. 30.—The newspaper, "Il Resto del Carlino," says it knows all members of the committee that overthrew the last government and is causing operation today. The paper believes that as a result of the Italian communist dignitaries will remain their seats.

PARIS, Oct. 30.—Mussolini formed the ministry of Italy himself. He will be premier and minister of interior and foreign affairs. According to Rome advices, the cabinet is said to be composed of seven Fascisti, five nationalists, and democratic and one representative of the popular party.

## REFUGEES ARRIVING AT GENSUN, KOREA

TOKIO, Oct. 30.—Eight thousand Russian refugees from Vladivostok have arrived at Gensun, Korea. They include the white army of soldiers, leaders several hundred sick and wounded. Their future is a problem.

## WEEKLY WEATHER FORECAST

WASHINGTON, D. C., Oct. 30.—Southern Rocky Mountain and Plateau Regions: Generally fair weather with temperature near the normal. Pacific States: Generally fair weather in southern and central California and occasional rains elsewhere in the district, normal temperature.

## Butler Theater Today

A Special Attraction  
RUDOLPH VALENTINO  
in  
BLOOD AND SAND

Written by the author of "The Four Horsemen" and directed by King Vidor, who made "This Thing Called Love."

Actual scenes of bullfighting in a real arena. Scenes of dancing and revelry filled with breathless thrills.  
Lower Floor 20c; Balcony 25c; Children 20c.  
Tomorrow  
Dorothy Dalton and Milton Sills in "The Woman Who Walked Alone," a picture good to look at.
